(S.D.)-Public Input Sought For New Spearfish Call Center

SPEARFISH, S.D. (ASSOCIATED PRESS) - Spearfish officials are asking for community input to help redesign a city-owned call center that collapsed in a snow storm last October.

The building housed Iowa-based company TMone. Officials are asking for recommendations for the new building's design. They hope to have it completed in about a year.

Demolition work has started on the original building.

TMone has been operating since the storm out of the city's recreation center. A city official says TMone provides more than 200 jobs to the Spearfish workforce.
