

## **(Neb.)-Power Outage Planned In Hemingford**

By: Chris Fankhauser Posted at: 10/05/2012 12:20 PM

(Hemingford)-Nebraska Public Power District would like to inform its customers in Hemingford of an upcoming power outage. On Wednesday, October 10, 2012, the town of Hemingford will experience an outage to electrical services from 4:00 a.m. MT to 6:00 a.m. MT. This is required as the NPPD builds a temporary line to feed Hemingford and installs new metering in the substation. They are coordinating with PREMA to complete this work.
