

(Neb.)-Farm And Ranch Museum Begins Construction

By: Roxie Graham-Marski Posted at: 03/28/2013 10:55 AM

(GERING)-Construction has begun on the Farm and Ranch Museum (FARM) campus in Gering to develop the Legacy of the Plains Museum's project in collaboration with the North Platte Valley Historical Association. As a result, FARM's normal driveway entrance is closed, and the regular parking area is inaccessible.

To visit FARM during this time of construction, proceed west on Old Oregon Trail to the pasture gate (the Harvest Festival parking area). As of March 28th, visitors are being asked to park on the western side of the building and enter via the back door. However, conditions are changing daily, so it is advisable to call ahead if planning a visit to FARM. Their number is 308-436-1989.
