(CHADRON)-Don't forget about the Law Enforcement Memorial Service that will take place in Chadron at Greenwood Cemetery on Wednesday, May 15th. It will start shortly after noon at around 12:15 p.m. Chadron police chief Tim Lordino invites residents to take time out of their day to express their appreciation for the men and women of law enforcement during National Police Week.

One officer is killed somewhere in the U.S. on average every 50 hours. Lordino says it is important that all citizens know and understand the duties, responsibilities, hazards and sacrifices that the men and women of law enforcement face every day. The safeties of our communities and the individual freedoms we enjoy have come at a high price.
