

(Neb.)- Twinkies To Hit Chadron Safeway Store Shelves Soon

By: Jeremy Anderson Posted at: 07/16/2013 03:30 PM

(Chadron)- The Hostess product Twinkies are soon to hit the shelves of the Chadron Safeway in the next few days. In November of 2012 Twinkies were removed from store shelves across the country after the Hostess Company filed bankruptcy ending production of the crème filled sponge cake.

The Hostess name and products were eventually bought by Apollo Global Management, ensuring that Twinkies along with other Hostess products would once again be available.

Lisa Smith, Chadron Safeway Manager, said that Twinkies were expected in their store this last weekend, but were not received. Twinkies were to be available nationwide on Monday, July 15th.

Smith said that she expects Twinkies to be in store in the next few days for customers to buy. Smith said she would alert KCSR/KBPY when it became official.
