(Chadron)-The Chadron State College Office of International Education and the International Club are planning to recognize International Education Week beginning Monday.

Tamsyn Carey, CSC Project Director with Market Development, said International Education Week is an excellent way to celebrate and recognize CSC's international students that hail from all corners of the globe and provide such a rich, diverse social and cultural viewpoint to the community.

On Monday at 6:30 pm in the Student Center Ballroom, members of the International Club will perform musical and dance numbers from their cultures. Tuesday at 6 p.m. in the Bordeaux Room in the Student Center, International Club students will present interesting facts about their countries.

Both events are free and the public is invited to attend. Countries that will be represented include Burma, China, Congo, Ethiopia, The Gambia, Honduras, Mal, Nepal, Serbia, Singapore, Taiwan (China), Thailand, Tunisia and Vietnam.

Carey said they invite faculty, staff, students, community members, schools, businesses and organizations to participate in these activities and learn more about various cultures and customs represented right here in Chadron, Nebraska.
